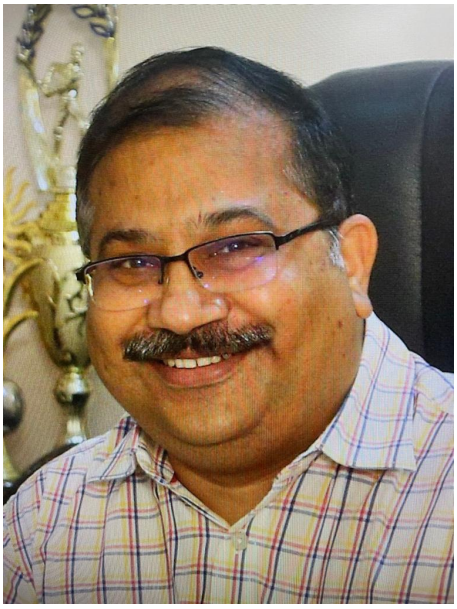
MESSAGE FROM THE DEAN



Dr. G. VENKATESWARA RAO
DEAN & PRINCIPAL
MAMATA DENTAL COLLGE

"The news and uncertainty surrounding the coronavirus (COVID-19) has all of us adjusting to new realities. As has no doubt happened in our lives, the pandemic of COVID-19 has disrupted the operation of our college as well in ways we could not have foreseen. Keeping up with – let alone understanding, the rapidly evolving information landscape about the coronavirus outbreak is challenging. In these uncertain times, the safety and wellbeing of our staff and students is our utmost priority. Despite these challenging times, we strived to continue the academic activities virtually without any disruption. Taking into consideration the public health recommendations for social distancing and potential reduced staff capacity in the short-term, we have limited our operating hours while following stringent disinfecting protocols. I thank everyone for all your efforts and cooperation through these difficult times and hope we will come out of this much stronger.
