

## **CONSOLIDATED REPORTS ON INFORMATION ON EXAMINATION REFORMS**

The university has made various reforms in last 5 years in process of conduct of examination and evaluation. The Internal assessment and attendance details are entered through online portal of the university. The examination fees are displayed in the institution portal for each student and the exam fees are paid through NEFT/RTGS before the due date. Hall tickets are downloaded from the portal.

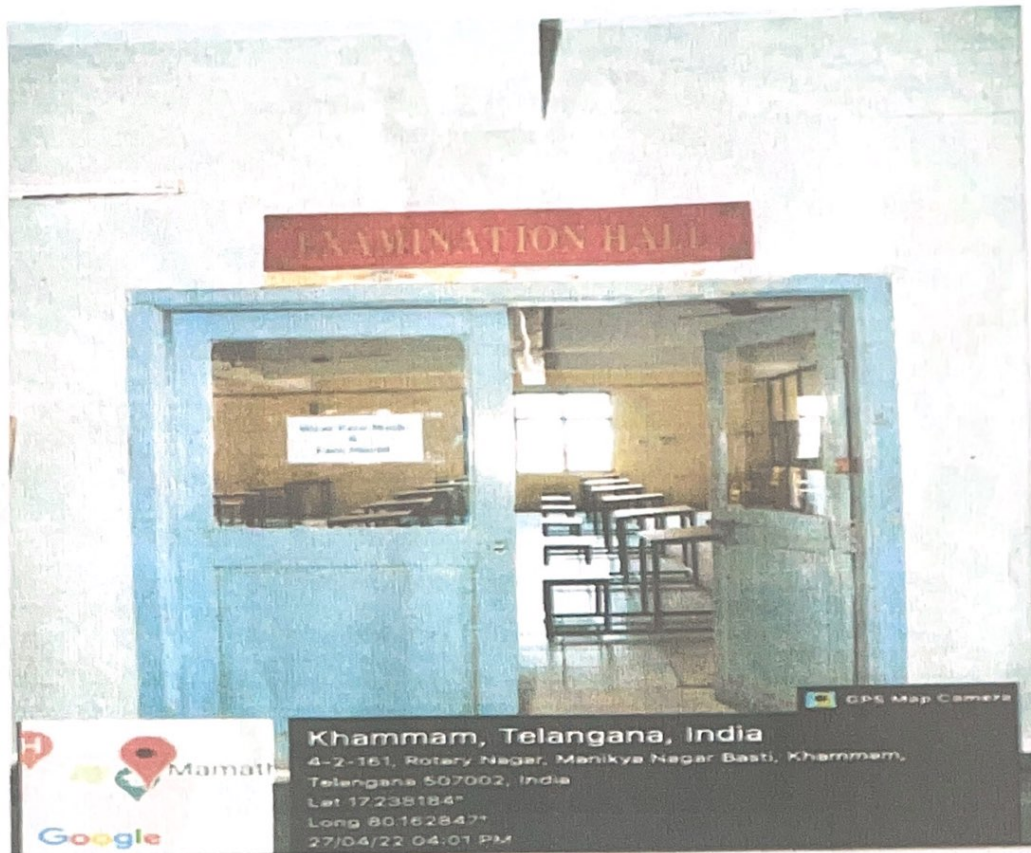

The examination halls are supported with CCTV cameras and mobile jammers. The downloading of question paper is fully automated, where the chief superintendent has to log-in into the university website portal, 15 minutes prior to the commencement of exams. The examination hall cameras and cell phone jammers are switched on 30 minutes before the starting of examination.

The question paper is downloaded exactly 15 minutes before and downloaded question papers are photocopied as per the required numbers. Every institute has to record details of activities of the examination hall 30 minutes before the commencement of exam till the packing and sealing of the answer books bundle is over as well as special observer appointed by the university to proceed with exam.
