## ACTION TAKEN REPORT ON CURRICULUM FEEDBACK FROM STAKEHOLDERS 2020-21

The chairperson brought to the attention of the members of the committee the feedback report on the curriculum, based on the feedback obtained from the various stakeholders. A copy of the feedback report was provided to the members of the committee. It was decided by the committee to take up the following concerns raised for further action.

Dr. KVNR Pratap put forward that in-person is not possible due to covid-19 lockdowns. So, the committee decided to convert the feedback collection mechanism online through PDF. All other committee members agreed to this mode of feedback collection. Based on the feedback analysis obtained from all the stake holders, the following points have been put forward on curriculum.

Stakeholder	Suggestions	Action required
Students	<ol style="list-style-type: none"><li>1. Clinical exposure was less due to the pandemic, and needs to be improvised.</li><li>2. Teacher and student interaction was less due to online classes and need to be improved.</li><li>3. The teaching should be more clinically oriented to improve the knowledge and thinking capability of the student.</li><li>4. Less number of clinical cases were reported due to pandemic</li></ol>	<ol style="list-style-type: none"><li>1. More number of clinical discussions need to be taken.</li><li>2. More number of group discussions need to be conducted so that the teachers and the students can interact more once the offline classes begin.</li><li>3. More number of clinical case discussions need to be taken.</li><li>4. Faculty was informed to prepare videos related to clinical skills.</li></ol>
